**Amber Lee Baker (aka Amber Lee and the Anomalies)** tours as a one woman musical act with accordion, loop pedal and her glockenspiel. She performs original songs which range between bawdy cabaret, melodious folk ballads, gypsy tunes and soulful spirituals.

Amber is re-inventing the accordion as a sexy instrument through the Accordion Babe Revolution! She just released her second album, 'Indelible' which includes a full band.

A recent review by Sepiachord states: "...while Amber Lee wields an accordion she could just as well be rolling out her tunes from behind a piano keyboard. Eccentric choice in instrument and snazzy costume choices aside, Amber Lee is talented singer-songwriter. \*That\* is what makes her new CD, "Indelible", a recording that rewards repeated listens."

She has extensively toured the West Coast of the US, and toured Ireland, Germany and Spain in 2010 and will be doing a national US tour with Renee de la Prade (the creator of the Accordion Babes Compilation CD and Pin-up Calendar) in June and July of 2011.
